
Retail Growth: Assessing Recent Performance and Near-Term Outlook for Amazon, Walmart, and Target

By Claire McBride // August 6, 2024 //

August 28, 2024 @ 2pm EST

Join the Stratably team as we dive deep into the performance of your largest retail customers.

In this highly analytical webinar, we'll review the 2Q financial results and our updated 2024 and 2025 forecasts for Amazon, Walmart, and Target to understand how the mass channel is performing, which retailers and fulfillment formats are winning, and what it means for the broader retail market.

You can expect:

- **Performance Analysis:** Discover the 2Q24 results for Amazon, Walmart, and Target. See who's leading the pack and who's lagging behind.
- **Must-Have Context:** Our comprehensive analysis goes beyond the numbers, exploring how the top players' results fit into the larger retail landscape. We'll draw comparisons to other retailers and channels and discuss the evolving dynamics of the retail industry.
- **2024 Forecasts:** Get ahead of the curve with our updated forecasts for 2024 and 2025. We'll share insights into growth levers and potential challenges across these three retailers.
- **Interactive Q&A:** Engage in a live Q&A session where you can seek clarification, explore specific topics, and gain personalized insights.

This webinar is designed for retail professionals that want an in-depth understanding of the financial health of these key retailers and its ramifications for the retail industry.

Register now to inform your forecasting and strategies for the back half of the year and into 2025.
