TL;DR: Amazon's streaming TV advertising is a competitive edge opportunity for brands, although adoption is expected to rapidly increase over the next year. We recommend brands test-and-learn sooner than later which requires cross-functional alignment and in-house and/or external analytics support that understands how to leverage Amazon's unique targeting and reporting capabilities.

Although still in its infancy, Amazon is investing heavily into its streaming TV platforms and it, along with advertisers, see it as a massive opportunity.

We encourage brands to move now into Amazon streaming TV to capture the competitive edge opportunity.
